Mohamed Mostafa

Profile

Passionate and detail-oriented Front-End Developer skilled in HTML, CSS, JavaScript, and responsive web design. Eager to contribute to creative development teams and build userfocused, high-performance websites. Looking for an opportunity to grow through internships or junior front-end roles.

Education

Bachelor's Degree in Computer Science, El Shorouk Academy 2019 – 2023

Professional Experience

Front End Developer 01/2026 – Present
Full-Time at **Roma MPH** Cairo, Egypt
Fittra Training
- Engineered a custom e-commerce checkout and cart architecture using Next.js 14, supporting both multi-item carts and direct single-course purchasing paths.
- Built a hybrid session-to-cloud cart persistence engine that caches unauthenticated states locally and synchronizes data with backend APIs upon user authentication.
- Integrated multi-gateway billing pipelines (Stripe, Paymob, Tabby installments) using Redux Toolkit and React Query to handle transactional state smoothly.

Fittra Clinic
- Developed a standalone subscription management dashboard to dynamically monitor and render real-time access tiers across clinical programs.
- Translated complex Figma mockups into a responsive, custom interactive calendar UI for event visualization without third-party dependencies.

Fittra Stream
- Architected a time-gated event scheduling and access control system enforced via live server timestamp validation.
- Developed custom video playback controls with client-side state persistence using Tailwind CSS to retain watch progress across user sessions.
- Optimized lead-capture funnels and asynchronous data layers, facilitating the capture of over 3,000 marketing leads and ticket registrations.

MTN Institute
- Executed a full front-end platform makeover and production rewrite using Next.js 14 and TypeScript ahead of scheduled release deadlines.
- Refactored legacy monolithic code into a modular, multi-tenant component architecture to serve as a foundational blueprint across future spin-off projects.

Front End Trainee 09/2025 – 12/2025
Full-Time at **Roma MPH** Cairo,Egypt
- Completed an intensive training program focused on modern front-end technologies including React.js and Next.js.
- Developed foundational skills in component-based architecture, JSX, and server-side rendering.
- Built and deployed interactive web applications to solidify understanding of core concepts.

Operation Manager – Byouth 10/2022 – Present
Part-Time at **Bazarna Society** Cairo, Egypt
- Coordinated and executed events, ensuring smooth logistics and effective brand collaboration.
- Worked directly with on-site teams to implement event designs and ensure smooth operations.
- Supported the planning and execution of Bazarna's international event in **Dubai, UAE**, held at **Alserkal Avenue**, coordinating with teams and brands to ensure successful event delivery.
